

ADA Compliance Kit

FM ADA KIT 37

PORTABLE, SMALL-AREA FM ADA KIT

[ACCESSIBILITY WITH EASE]

The Americans with Disabilities Act (ADA) requires public facilities to provide equal access to people with disabilities, including those who are hard-of-hearing. Portable, “all-in-one” ADA compliance kits from Williams Sound are a convenient and economical solution for satisfying these requirements. (It also meets new 2010 ADA access requirements.)

The Williams Sound FM ADA Kit 37 provides everything you need to accommodate individuals for hearing accessibility in a small-group setting. This portable, easy-to-use FM system operates on one of 17 selectable channels, 72-76 MHz, at a range of up to 150 feet. Covered by a Lifetime PLUS Limited Warranty (90 days on accessories).
