

IR ADA KIT

PORTABLE INFRARED ADA KIT

[SECURE TRANSMISSION IN A SMALL-GROUP SETTING]

The Americans with Disabilities Act (ADA) requires public facilities to provide equal access to people with disabilities, including those who are hard-of-hearing. Portable, “all-in-one” ADA compliance kits from Williams Sound are a convenient and economical solution for satisfying these requirements.

The Williams Sound IR ADA KIT provides everything you need to accommodate individuals for hearing accessibility and/or language interpretation in a small-group setting. This portable, easy-to-use infrared system is ideal for secure applications. It operates at 2.3MHz/2.8MHz, at a range of up to 30 feet.

IR ADA KIT

PORTABLE INFRARED ADA KIT
