

PPA R38

PPA SELECTVIEW™ FM RECEIVER

[HEARING ASSISTANCE FROM A NEW POINT OF VIEW]

NEW The newest addition to the Personal PA FM line - the stylish, new PPA SelectView™ FM receiver - is easy on the eyes and convenient to use. The high-res OLED screen presents a quick view of receiver status and immediate access to all user settings. The highlight: on-screen channel selection with easy access to 17 pre-set, wideband frequencies (72-76 MHz).

Digitally synthesized for exceptional audio clarity and stability, the ease of the PPA SelectView™ is apparent with its digital tuning, digital squelch and

battery-saving sleep and auto-off modes. A stereo/mono jack adds compatibility with a variety of mono and stereo earphone/headphone options. A soft audio turn-on feature makes power-up or changing channels easy on the ears.

The PPA SelectView™ is rechargeable when used with NiMH AA batteries (compatible with the Williams Sound CHG 3512 and 3502 multi-bay chargers) -or- Alkaline AA batteries can also be used. And it's covered by our Lifetime PLUS Limited Warranty.
